Remote Hearings

Attorney Guide: Quick Reference

This guide is for attorneys set to appear on a case that will be held remotely. Webex Webinars allows for the parties, their attorneys, and the Judge to engage interactively through video or audio conference technology.

Webex Webinars is the preferred technology for **BOTH video and audio remote hearings** in partially remote and fully remote hearing scenarios.

Dos and Don'ts for a Remote Hearing

- Make sure you are in a private, quiet location where there are few interruptions and distractions.
- Ensure that your device has reliable connectivity and coverage.
- Do not share the hearing invite, link, or password with anyone. Contact the court if you believe your client or someone else needs a calendar invitation for the remote hearing.
- If joining by smartphone, download and sign up for the Cisco Webex Meetings app.
- Test audio and video prior to the scheduled remote hearing time at <https://www.webex.com/test-meeting.html>.
- Use headphones equipped with a microphone, if possible. Your voice will be clearer when you talk, and participants in the case will be able to better hear you.
- Connect to the remote hearing through the calendar invitation 5 to 10 minutes early to test the connection and resolve any technical issues.
- Confirm that your device microphone and webcam are on and the speakers are turned up.
- Confirm that audio and video are enabled so everyone in the hearing can see and hear you. This can be managed through Webex Webinars settings.
- After confirming audio and video functionality on your device, mute your audio until you are asked to speak by the court.
- Mute any other devices that you have in the room with you so as not to cause a feedback loop.
- Frequently verify that your microphone is muted during the remote hearing.
- Stay on mute until you are called on and remember to mute once you are done speaking.
- Speak one at a time and pause 1 to 2 seconds prior to speaking in case there is an audio or video lag.
- Announce your appearance each time you speak during the remote hearing.
- Do not speak at the same time as someone else.
- Inform the court if you are experiencing technical difficulties.
- Do not record the hearing without express written permission from the court.
- Do not broadcast or live stream the hearing.
- Do not use a speakerphone.
- If you are connecting to audio by phone, do not place the call on hold at any time.

General recommendations when joining a remote hearing by video:	Additional recommendations when joining from a mobile device:
○ Dress appropriately as if you were in a courtroom. ○ Be mindful of what is behind you. ○ When speaking, look directly at the camera, not at the screen.	○ Plan to be in a stationary location while appearing via video; moving around is distracting to the other participants. ○ Keep the camera pointed to your face.
If the sound quality is difficult to hear, mute your computer microphone and speakers and call the associated conference call number. (You will be able to participate through the telephone connection and observe the video.)	

Please remember this is a court proceeding and participants must behave accordingly. Remove personal photos, distinguishable information, and any other personal items that you do not want the public to see in your background.

Witnesses

We recommend that each witness be alone in the physical room where the witness is located. It is expected that all electronic devices, other than the one used to access the remote hearing, are turned off during the testimony. Further, no other programs or windows should be open on the witness's device or computer. Remote hearing participants must not pass the functional equivalent of notes by electronic means to the witness during the time that witness is testifying.

- Check with the court regarding the procedure on witnesses and, if ordered, exchange witness lists prior to a remote hearing.
- Provide contact information for witnesses to the clerk.
- Indicate, as soon as possible, any motion to exclude witnesses.
- Witnesses should be available by phone to receive information on when to join the remote hearing or for the clerk to conference them into the hearing at the appropriate time.
- Prepare witnesses on what to expect during the remote hearing.

Interpreters

- To help the interpreter, speak slowly and in short sentences.
- When speaking, pause after every 1-2 sentences to allow the interpreter to translate.
- Wait for the interpreter to finish their interpretation before talking or answering a question.

Exhibits for Remote Hearings

Exhibits may be submitted to the court as outlined in [Chief Justice Order 20-016](#), issued May 15, 2020, and the [memorandum regarding File & Serve](#) updates.

Exhibits should be submitted before the hearing and served according to ORCP 9. Any exhibit that can be converted to a PDF document may now be submitted through File & Serve when the hearing is to be conducted remotely. For any digital media exhibits that are not able to be converted to a PDF, such as audio or video files, the attorney should contact the court to determine the best method of delivering those files.

File Request

If the court chooses to use a file request system, after contacting the court, you will receive an email to submit files. Follow the email instructions.

1. Select **Send Requested Files**.
2. Drag and drop any files in the **Drop Files Here** section or select **Add Files** to browse for the desired files.
3. Select **Send** once all files have been added.
4. Confirm that the court has received all exhibits prior to the start of the remote hearing.

Private Attorney/Client Communication

Webex Webinars does not provide a technical solution to facilitate confidential attorney/client communication. Attorneys and their clients should have a pre-established method for communicating confidentially that does not rely on OJD technology and that can happen separately from the hearing.

Some options and considerations include:

- The attorney and client may leave the remote hearing and use their own communication method and then rejoin the webinar once complete.
- Request the remote hearing be rescheduled to a later time after the privileged conversation is over.
- If the attorney and client are in the same room, mute the microphone and communicate out of the view of the displayed video.
- When an interpreter is needed for attorney/client communication and is provided by OJD, the interpreter should be included as part of the communication method as appropriate. It is appropriate for the attorney to confirm with the court that the interpreter is not being recorded.

Accessing a Live Streamed Hearing

You can find remote hearings available for public access, with some exceptions, being live streamed through the Oregon Judicial Department (OJD) website at: <https://www.courts.oregon.gov/services/online/Pages/live-stream.aspx>.

- Select the county to view and join any live streamed proceedings that are scheduled.
- Find the court session you want to attend and click the link or dial-in on your phone to the number listed.
- Some hearings can only be viewed within the courthouse, including, but not limited to:
 - Abuse Orders
 - Adoption
 - Civil Commitment
 - Confidential and Sealed Cases
 - Contempt of Court resulting from a Violation of a Restraining Order
 - Custody
 - Dissolution
 - Juvenile
 - Paternity
 - Protective Proceedings
 - Quarantine/Isolation Orders
 - Restraining Orders
 - Sex crimes, when a victim has requested the proceeding not be recorded
 - Specialty Court Hearings
 - Stalking Order
 - Support
 - Trade Secrets
 - Visitation

If you do not see a hearing you are looking for, or are unable to access the hearing through technology, contact the court. Members of the public may still view many of these proceedings in court where the proceeding is occurring.

Remote Hearings

Attorney Guide: Quick Reference

Webex Webinars

Webex Webinars is a service offered by Cisco Webex that allows for large scale teleconferencing and live streaming, and is OJD's preferred technology for both video and audio remote hearings.

Remote hearings are any hearings where parties to a case appear from a remote location not in the courthouse. Additionally, remote hearings may be live streamed, or broadcast in real-time over the internet. If the court has made public access available, the public will access the Webex Webinars live stream as an attendee to the webinar.

Webex Webinars may be used in either of the following two scenarios:

- **Partially Remote** – A clerk, judge or other staff is in the courtroom to facilitate the hearing, but all other parties may or may not be present. The public can watch and listen to the proceedings either in the courtroom facilitated by technology or, if allowed by the court, by live stream.
- **Fully Remote** – No staff or judge is present in the courtroom, all parties are appearing from remote locations, and the hearing is live streamed to the public.

Webex Webinars uses the following terminology:

- **Host** – The host is an OJD court staff or judge. Hosts are the only remote hearing participants that may start the webinar, allow people to share content, present their screen, mute or unmute participants, remove people from the webinar, disable chat, start and stop the recording through Webex Webinars, and end the webinar.
- **Panelist** – Panelists will primarily consist of counsel, parties, witnesses and other participants in the case. A panelist has control over their own audio and video.
- **Presenter** – A presenter must first be a panelist. The presenter may share content or their screen with the rest of the webinar. A panelist is only to be given the role of presenter if authorized by the judge.
- **Attendee** – An attendee is a person able to listen and view the remote hearing but cannot unmute themselves or be shown on video. Attendees may be unmuted or promoted to a panelist as needed and depending on court procedure. Members of the public will join as attendees.

Prior to scheduling the hearing, the court will contact the parties to advise that the hearing will be held remotely, and whether it will be held by video and/or audio. The attorney should be prepared to inform the court whether they or their client object to proceeding remotely and whether any accommodations are required.

Joining a Remote Hearing via Webex Webinars

The court staff may provide notice of the remote hearing in a variety of ways:

- A standard hearing notice with the link provided.
- Invitation email for a Webex Webinar.

Please contact the court if you are unsure how to access your hearing.

Webex Webinars can be joined in the following ways:

- Free Cisco Webex Meetings app for Android or iOS mobile devices (audio and video).

- 5 to 10 minutes before the scheduled hearing time, select the link or the Join icon in the invitation email, or call the number provided to join via phone.

REMEMBER: Do not share the panelist hearing invite, link, phone number, or password with anyone. Contact the court if you believe your client or someone else needs a calendar invitation for the remote hearing.
